VOLUME 77 • SUBJECT INDEX

A complication after internal fixation of fracture, A complication after internal fixation of fracture, **209**
abdominal aortic aneurysm, Giant abdominal aortic aneurysm secondary to intimomedial mucoid degeneration, **782**
abdominal pain, A Mauritian woman with fever, abdominal pain, and facial palsy, **531**
abdominal tuberculosis, Unexplained weight loss and a palpable abdominal mass in a middle aged woman, **341**
abduction deficit, Unusual cause of an abduction deficit in a 14 year old girl, **790**
accelerated ageing, Hutchinson-Guilford progeria syndrome: *review,* **312**
accident and emergency, Do computer generated ECG reports improve interpretation by accident and emergency senior house officers?, **455**
accountability, Changing practice in health care: *editorial,* **145**
ACE inhibitors, A survey of the dose of ACE inhibitors prescribed by general physicians for patients with heart failure, **765**
Angiotensin converting enzyme inhibitor induced hyperkalaemic paralysis, **114**
acoustics, Some high pitched thoughts on chest examination, **617**
actinomycosis, Abdominal pain in an intrauterine contraceptive device user, **602**
acute hepatic injury, Acute hepatocellular and cholestatic injury in a patient taking celecoxib, **548**
acute hospital admission, Acute hospital admissions from nursing homes: some may be avoidable, **40**
acute ischaemic stroke, Thrombolysis in acute ischaemic stroke: *review,* **166**
acute lymphoblastic leukaemia, Low back pain in a child—a diagnostic dilemma, **342**
acute respiratory failure, Acute respiratory failure in a middle aged woman, **664**
acute sinusitis, Determinants for the course of acute sinusitis in adult general practice patients, **778**
adenocarcinoma, Adenocarcinoma of the gastro-oesophageal junction with a synchronous carcinoid of the duodenum, **255**
Adenocarcinoma of the lung in Chinese patients: a revisit and some perspectives from the literature, **708**
adenoma, Hyperplastic polyposis coli associated with dysplasia, **532**
Palpable breast mass in a lactating woman, **473**
adrenal, Hyperaldosteronism: recent concepts, diagnosis, and management: *review,* **639**
adrenal mass, Adrenal mass in a diabetic with hypergastrinaemia, **662**
adrenal myelolipoma, Adrenal myelolipoma, **513**
adrenocorticotrophic hormone, Lung carcinoid related Cushing's syndrome: report of three cases and review of the literature, **464**
adult onset Still's disease, Pleuropericardial effusion in a 50 year old woman, **346**
adverse drug reactions, Drug related medical emergencies in the elderly: role of adverse drug reactions and non-compliance, **703**
adverse effects, Acute hepatocellular and cholestatic injury in a patient taking celecoxib, **548**
Africa, Clinical presentation, natural history, and cumulative death rates of 230 adults with primary cryptococcal meningitis in Zambian AIDS patients treated under local conditions, **769**
ageing, Why do some people look older than they should?, **578**
AIDS/HIV, Clinical presentation, natural history, and cumulative death rates of 230 adults with primary cryptococcal meningitis in Zambian AIDS patients treated under local conditions, **769**
alcohol, Is wine good for your heart? A critical review: *review,* **172**
Moderate alcohol consumption and coronary heart disease: a review: *review,* **747**
alkaptonuria, An unusual palmoplantar pigmentation, **268**
allergic fungal sinusitis, Atopy, proptosis, and nasal polyposis, **343**
allergic mucin, Atopy, proptosis, and nasal polyposis, **343**
amiodarone, Amiodarone induced hyperthyroidism: *letter,* **358**
analgesia, Is transcutaneous electrical nerve stimulation an effective analgesia during colonoscopy?, **445**
anergy, Sarcoidosis 2001: *review,* **177**
angina pectoris, Transient ST segment changes mimicking early repolarisation phenomenon in a patient with angina at rest, **603**
angiographic catheterisation, Selective angiographic catheterisation for jejunal angiodysplasia, **205**
anorexia, Hypophosphataemia in anorexia nervosa, **305**
anticoagulation, Anticoagulation and atrial fibrillation: *letter,* **487**
Implementation of antithrombotic management in atrial fibrillation: *letter,* **488**
Improvement in antithrombotic management in atrial fibrillation also requires effective INR control: *letter,* **487**
antitubercular chemotherapy, Cervical tuberculous lymphadenopathy: changing clinical pattern and concepts in management, **185**
antituberculous treatment, Unexplained weight loss and a palpable abdominal mass in a middle aged woman, **341**
anxiety disorders, Parkinson's disease and anxiety: *review,* **89**
aortic aneurysm, Dysphagia and thoracoabdominal aneurysm, **257**
aortitis, Aortitis as a manifestation of myelodysplastic syndrome, **116**
apoplexy, Apoplexy in a recurrent pituitary adenoma, **23**
apoptosis, New insights into atherosclerotic plaque rupture: *review,* **94**
Sarcoidosis 2001: *review,* **177**
appendicitis, Acute appendicitis: an unusual cause, **123**
arterial thrombosis, *Mycoplasma pneumoniae* induced popliteal artery thrombosis treated with urokinase, **723**
arteriovenous malformation, Adult small bowel Dieulafoy lesion, **783**
An unusual cause of paraplegia, **472**
Cyanosis in late teens, **53**
arthritis, An elderly woman with chronic knee pain and abnormal chest radiography, **600**
aseptic meningitis, Primary neuroleptospirosis, **589**
aspergillus species, Atopy, proptosis, and nasal polyposis, **343**
aspergillus thyroiditis, Aspergillus thyroiditis, **336**
aspirin, The real cost of aspirin: *letter,* **423**
asthma, Churg-Strauss syndrome associated with montelukast, **390**
atherosclerosis, A patient with atherosclerosis and livedo reticularis, **206**
Is wine good for your heart? A critical review: *review,* **172**
New insights into atherosclerotic plaque rupture: *review,* **94**
atherosclerotic renovascular disease, Renal failure in atherosclerotic renovascular disease: pathogenesis, diagnosis, and intervention: *review,* **68**
atrial fibrillation, Anticoagulation and atrial fibrillation: *letter,* **487**
Implementation of antithrombotic management in atrial fibrillation: *letter,* **488**
Improvement in antithrombotic management in atrial fibrillation also requires effective INR control: *letter,* **487**
Subclinical thyrotoxicosis: *review,* **29**
atrial myxoma, A man with a murmur requiring nutritional support, **535**
attendance rates, The effect of reminder calls in reducing non-attendance rates at care of the elderly clinics, **37**
autoamputation, Autoamputation of the tongue, **335**
Autoamputation of the tongue: *letter,* **743**
autoimmune, Aortitis as a manifestation of myelodysplastic syndrome, **116**
autoimmune thyroid disease, Changing thyroid status related to pregnancy, **591**
autopsy, Referral for autopsies: *letter,* **64**
axillary nodule, A small axillary nodule—a therapeutic dilemma?, **126**

B cell, Clinical implications of the specialised B cell response to polysaccharide encapsulated pathogens, **562**
bacterial meningitis, An unusual cause of acute bacterial meningitis, **791**
barium radiology, Unexplained weight loss and a palpable abdominal mass in a middle aged woman, **341**
Bartter's syndrome, Episodic weakness in a young woman, **787**
basal ganglia calcification, A young man with seizures, abusive behaviour, and drowsiness, **54**
benign breast disease, Phyllodes tumours: *review,* **428**
benign eosinophilic infantile proctocolitis, Proctocolitis in breast fed infants: a contribution to differential diagnosis of haematochezia in early childhood, **252**
benign intracranial hypertension, Visual disturbance in a patient with progressive limb weakness, **e1**
biliary pleural fistula, Breathlessness after percutaneous biliary drainage, **787**
bleomycin induced chromatid break, Mutagen sensitivity and p53 expression in colorectal cancer in China, **713**
blunt liver trauma, Paediatric abdominal trauma, **e2**
bone marrow metastases, An unusual cause of tremor in an elderly man, **268**
bone mineral density, A study of bone densitometry in patients with complex regional pain syndrome after stroke, **519**
botulinum toxin, Progress in the understanding and treatment of chronic anal fissure: *review,* **753**
brain damage, Iodine deficiency as a cause of brain damage: *editorial,* **217**
breast cancer, A small axillary nodule—a therapeutic dilemma?, **126**
Genetic testing for inherited breast and ovarian cancer syndromes: important concepts for the primary care physician: *review,* **11**
breast fed infants, Proctocolitis in breast fed infants: a contribution to differential diagnosis of haematochezia in early childhood, **252**
breast mass, Palpable breast mass in a lactating woman, **473**
bronchioloalveolar carcinoma, An elderly woman with dyspnoea and bronchorrhoea, **340**
broncho-oesophageal fistula A case of failed intubation, **e8**

bronchorrhoea, An elderly woman with dyspnoea and bronchorrhoea, **340**
brucellosis, A farmer with artificial valve endocarditis, **126**

C1 esterase inhibitor deficiency, Recurrent abdominal pain—the forgotten cause, **121**
calcification, Cutaneous gangrene in a renal dialysis patient, **735**
calciphylaxis, Calciphylaxis: *review,* **557**
Cutaneous gangrene in a renal dialysis patient, **735**
calcium deposition, The heart of stone, **405**
calcium-phosphate product, Calciphylaxis: *review,* **557**
cancer chemoprevention, Familiar drugs may prevent cancer: *review,* **492**
candida, Candida endophthalmitis: an unusual complication of prolonged intravenous access, **119**
carcinoma, A case of venous thrombosis, **599**
carcinoma of the prostate, An unusual cause of tremor in an elderly man, **268**
cardiac failure, Heart failure, a thick tongue, and an abnormal cranial computed tomogram, **535**
cardiology, Aborted sudden cardiac death: a clinical perspective: *review,* **363**
caries spine, Abdominal pain after trauma in a young man, **602**
Carney's triad, A new variant of Carney's triad: phaeochromocytoma and chondrosarcoma, **527**
cat bite, Pericardial tamponade caused by *Pasteurella multocida* infection after a cat bite, **199**
catheterisation, The health professional's role in preventing nosocomial infections: *review,* **16**
celecoxib, Acute hepatocellular and cholestatic injury in a patient taking celecoxib, **548**
cerebral abscess, From confusion to coma: a catastrophic deterioration, **52**
cerebral aneurysm, Neurovascular lessons from a pair of identical twins with cerebral aneurysms, **197**
cerebral haemorrhage, Two diagnoses from one electrocardiogram, **604**
ceroid pigment, A 25 year old woman presenting with bleeding disorder and nystagmus, **e6**
cervical cancer, Sequential occurrence within three years in a premenopausal woman of cervical, ovarian, and endometrial cancers, **344**
cervical lymphadenitis, Cervical tuberculous lymphadenopathy: changing clinical pattern and concepts in management, **185**
chest examination, Some high pitched thoughts on chest examination, **617**
chest radiography, Imaging of the pulmonary manifestations of systemic disease, **621**
Chinese men, Smoking and diabetes in Chinese men, **240**
Smoking and diabetes in Chinese men: *letter,* **551**
cholesterol, Why do some people look older than they should?, **578**
cholesterol crystal embolisation, An unusual cause of trash feet, **786**
cholesterol emboli syndrome, A patient with atherosclerosis and livedo reticularis, **206**
cholesterol gallstones, Cholesterol gallstones: from epidemiology to prevention: *review,* **221**
chondrosarcoma, A new variant of Carney's triad: phaeochromocytoma and chondrosarcoma, **527**
chronic anal fissure, Progress in the understanding and treatment of chronic anal fissure: *review,* **753**
chronic inflammatory demyelinating polyneuropathy, Visual disturbance in a patient with progressive limb weakness, **e1**
chronic lymphocytic leukaemia, Thiamine deficiency in patients with B-chronic lymphocytic leukaemia: a pilot study, **582**
chronic pulmonary suppuration, Chronic pulmonary suppuration, **272**
chronic renal failure, Calciphylaxis: *review,* **557**
Churg-Strauss syndrome, Churg-Strauss syndrome associated with montelukast, **390**
cirrhosis, Generalised oedema, lethargy, personality disturbance, and recurring nightmares in a young girl, **529**
clinical profiles, Adenocarcinoma of the lung in Chinese patients: a revisit and some perspectives from the literature, **708**
clinical significance, Balancing statistical and clinical significance in evaluating treatment effects, **201**
clostridial bacteraemia, A case of unusual septicaemia, **409**
coagulase negative staphylococci, *Staphylococcus lugdunensis* endocarditis, **259**
coagulopathy, Recent onset of bleeding and gross coagulopathy, **53**
coeliac disease, Oligoarthritis in an elderly woman with diarrhoea and weight loss, **475**
The clinical impact of metabolic bone disease in coeliac disease, **33**
colchicine, Colchicine induced rhabdomyolysis: *review,* **191**
colon, Hyperplastic polyposis coli associated with dysplasia, **532**
colonic and bladder tumour, A rare coincidence and recurrent urinary tract infections, **122**
colonoscopy, Gas gangrene after colonoscopy, **47**
Is transcutaneous electrical nerve stimulation an effective analgesia during colonoscopy?, **445**
Unexplained weight loss and a palpable abdominal mass in a middle aged woman, **341**
colorectal cancer, Colorectal cancer: does early detection matter?: *editorial,* **289**
Mutagen sensitivity and p53 expression in colorectal cancer in China, **713**
colovesical fistula, A rare coincidence and recurrent urinary tract infections, **122**
complex regional pain syndrome type I, A study of bone densitometry in patients with complex regional pain syndrome after stroke, **519**
computed tomography, Acute myeloid leukaemia with tell-tale computed tomography scans, **733**
Evaluation of local invasion by oesophageal carcinoma—a prospective study of prone computed tomography scanning, **181**
computer reading systems, Do computer generated ECG reports improve interpretation by accident and emergency senior house officers?, **455**
confusion, A state of confusion, **666**
congenital heart disease, Access to perinatal cardiology in the United Kingdom: *editorial,* **1**
cor pulmonale, Cor pulmonale: variation on a theme, **665**
coronary aneurysm, Multiple coronary aneurysms in a patient with neurofibromatosis type 1: case report and intravascular ultrasound of aneurysm, **45**
coronary artery disease, Prognostic value of stress echocardiography in women with high (≥80%) probability of coronary artery disease, **573**
coronary artery spasm, Transient ST segment changes mimicking early repolarisation phenomenon in a patient with angina at rest, **603**
coronary heart disease, Moderate alcohol consumption and coronary heart disease: a review: *review,* **747**
Silent myocardial ischaemia in patients with proved coronary artery disease: a comparison of diabetic and non-diabetic patients, **395**
The real cost of aspirin: *letter,* **423**
coroner, Referral for autopsies: *letter,* **64**
corticosteroids, A case of reversible amnesia, **54**
cotinine, Trends in the smoking habits of young adults with diabetes, **461**
cows' milk allergy, Proctocolitis in breast fed infants: a contribution to differential diagnosis of haematochezia in early childhood, **252**
COX-2 inhibitors, Acute hepatocellular and cholestatic injury in a patient taking celecoxib, **548**
coxsackie B virus, Viral myocarditis and dilated cardiomyopathy: mechanisms, manifestations, and management: *review,* **4**
Crohn's disease, From cutaneous ulceration to chronic diarrhoea, **788**
Infliximab treatment for Crohn's disease, **436**
cross infection, The health professional's role in preventing nosocomial infections: *review,* **16**
cryptococcal antigen, Abnormal behaviour in a man with massive, generalised, peripheral lymphadenopathy, **474**
cryptococcal lymphadenopathy, Abnormal behaviour in a man with massive, generalised, peripheral lymphadenopathy, **474**
cryptococcal meningitis, Clinical presentation, natural history, and cumulative death rates of 230 adults with primary cryptococcal meningitis in Zambian AIDS patients treated under local conditions, **769**
cryptococcal meningoencephalitis, Abnormal behaviour in a man with massive, generalised, peripheral lymphadenopathy, **474**
cryptorchidism, Management of the impalpable testis: a six year review together with a national experience, **320**
Cushing's syndrome, Lung carcinoid related Cushing's syndrome: report of three cases and review of the literature, **464**
Visual disturbances and weight gain, **732**
cutaneous necrosis, Fat necrosis associated with the subcutaneous injection of enoxaparin, **43**
cyanotic congenital heart disease, Cyanosis in late teens, **53**
cyclo-oxygenase, Familiar drugs may prevent cancer: *review,* **492**
cytokines, Sarcoidosis 2001: *review,* **177**

death register, Referral for autopsies: *letter,* **64**
deaths, Referral for autopsies: *letter,* **64**
decreased sexual function, Decreased sexual function in a young man, **667**
delayed referral, Specialist follow up of patients before end stage renal failure and its relationship to survival on dialysis, **586**
delirium, A case of reversible amnesia, **54**
dementia, The effect of reminder calls in reducing non-attendance rates at care of the elderly clinics, **37**
depletion, Hypophosphataemia in anorexia nervosa, **305**
desmopressin, A 25 year old woman presenting with bleeding disorder and nystagmus, **e6**
developing countries, Getting our journals to developing countries: *editorial,* **554**
developmental abnormality, Peritoneal encapsulation: a preoperative diagnosis is possible, **725**
diabetes, Adrenal mass in a diabetic with hypergastrinaemia, **662**
Diabetes and rapidly advancing pneumonia, **734**

Failure to develop diabetic ketoacidosis in a newly presenting type 1 diabetic patient, **734**
Human immunoglobulin for diabetic amyotrophy—a promising prospect?, **326**
Importance of family history in type 2 black South African diabetic patients, **323**
Prevalence of microalbuminuria in type 2 diabetes mellitus at a diabetes centre in southern India, **399**
Silent myocardial ischaemia in patients with proved coronary artery disease: a comparison of diabetic and non-diabetic patients, **395**
Smoking and diabetes in Chinese men: *letter,* **551**

diabetes mellitus, Smoking and diabetes in Chinese men, **240**
Surgical treatment of diabetes mellitus by islet cell and pancreas transplantation: *review,* **383**
Trends in the smoking habits of young adults with diabetes, **461**

diabetic eye disease, Optic disc oedema in first degree relatives with different macrovascular risk factors (type 1 diabetes and hypertension), **267**

diagnosis of tuberculosis, A transient pleural effusion, **273**

diagnostic bacteriology laboratory, Use of the diagnostic bacteriology laboratory: a practical review for the clinician: *review,* **148**

dialysis, Specialist follow up of patients before end stage renal failure and its relationship to survival on dialysis, **586**

diarrhoea, A young woman with intractable diarrhoea, **124**

diclofenac sodium, Hyperkalaemic quadriparesis secondary to chronic diclofenac treatment, **50**

Dieulafoy lesion, Adult small bowel Dieulafoy lesion, **783**

diffuse interstitial pulmonary fibrosis, Loss of weight in a female heavy smoker with diffuse interstitial pulmonary fibrosis, **127**

diffuse scleroderma Late onset Raynaud's phenomenon, hypertension, deteriorating renal function, and a fit in a middle aged woman, **e10**

Digital Island, Getting our journals to developing countries: *editorial,* **554**

dilated cardiomyopathy, Viral myocarditis and dilated cardiomyopathy: mechanisms, manifestations, and management: *review,* **4**

diquat, Acute diquat poisoning with intracerebral bleeding, **329**

disc at risk, Optic disc oedema in first degree relatives with different macrovascular risk factors (type 1 diabetes and hypertension), **267**

disseminated cryptococcosis, Abnormal behaviour in a man with massive, generalised, peripheral lymphadenopathy, **474**

dissociation, Is there a dissociative process in sleepwalking and night terrors?, **244**

diversity, Changing practice in health care: *editorial,* **145**

diverticular disease, A rare presentation of a common disease, **662**

dopamine, A young woman with intractable diarrhoea, **124**

dosing regimen, A survey of the dose of ACE inhibitors prescribed by general physicians for patients with heart failure, **765**

drug induced hyperkalaemia, Hyperkalaemic quadriparesis secondary to chronic diclofenac treatment, **50**

drug related medical emergencies, Drug related medical emergencies in the elderly: role of adverse drug reactions and non-compliance, **703**

dual energy *x* ray absorptiometry, The clinical impact of metabolic bone disease in coeliac disease, **33**

dumping syndrome, Therapeutic value of octreotide for patients with severe dumping syndrome—a review of randomised controlled trials: *review,* **441**

duodenal carcinoid, Adenocarcinoma of the gastro-oesophageal junction with a synchronous carcinoid of the duodenum, **255**

duodenal ulcer, Quadruple therapy for symptomatic spontaneous duodenal ulcer disease, **447**

dyspepsia, Consultations and referrals for dyspepsia in general practice—a one year database survey, **514**

dysphagia, Dysphagia and thoracoabdominal aneurysm, **257**
Management of neurogenic dysphagia, **694**

early repolarisation, Transient ST segment changes mimicking early repolarisation phenomenon in a patient with angina at rest, **603**

eclampsia, Posterior leukoencephalopathy syndrome: *letter,* **551**
Posterior leukoencephalopathy syndrome: *review,* **24**

ectopic ACTH syndrome, Lung carcinoid related Cushing's syndrome: report of three cases and review of the literature, **464**

education, Ethical, professional, and legal obligations in clinical practice: a series of discussion topics for postgraduate medical education. Introduction and topic 1: *informed consent: review,* **238**
Ethical, professional, and legal obligations in clinical practice: a series of discussion topics for postgraduate medical education. Topic 2: *consent and legal competence: review,* **318**
Ethical, professional, and legal obligations in clinical practice: a series of discussion topics for postgraduate medical education. Topic 3: *resuscitation decisions in adult patients: review,* **388**
Ethical, professional, and legal obligations in clinical practice: a series of discussion topics for postgraduate medical education. Topic 4: *confidentiality: review,* **443**
Ethical, professional, and legal obligations in clinical practice: a series of discussion topics for postgraduate medical education. Topic 5: *disclosing confidential information : review,* **512**

education programmes, Formal education programmes for senior house officers: comparison of experience in three hospital specialties, **650**

elderly, Drug related medical emergencies in the elderly: role of adverse drug reactions and non-compliance, **703**
Falls and confidence related quality of life outcome measures in an older British cohort, **103**
Survey of hospital doctors attitudes and knowledge of oral conditions in older patients, **392**

elderly patients, The effect of reminder calls in reducing non-attendance rates at care of the elderly clinics, **37**

elective, Sri Lankan health care provision and medical education: a discussion: *review,* **139**

electrocardiogram, Do computer generated ECG reports improve interpretation by accident and emergency senior house officers?, **455**

electrocardiography, Two diagnoses from one electrocardiogram, **604**

electrophysiological study, Electrophysiological course of uraemic neuropathy in haemodialysis patients, **451**

embolism, Multiple small opacities of metallic density in the lung, **789**

embryo, Vitamin A and the developing embryo: *editorial,* **489**

encephalopathy, Non-hepatic hyperammonaemia: an important, potentially reversible cause of encephalopathy, **717**

end stage renal failure, Specialist follow up of patients before end stage renal failure and its relationship to survival on dialysis, **586**

endocarditis, A farmer with artificial valve endocarditis, **126**
Staphylococcus lugdunensis endocarditis, **259**

endometrial cancer, Sequential occurrence within three years in a premenopausal woman of cervical, ovarian, and endometrial cancers, **344**

endophthalmitis, Candida endophthalmitis: an unusual complication of prolonged intravenous access, **119**

endotracheal tube blockage, Obtunded sensorium in a trauma patient, **123**

enoxaparin, Fat necrosis associated with the subcutaneous injection of enoxaparin, **43**

eosinophilia, Churg-Strauss syndrome associated with montelukast, **390**

eosinophilic pericarditis, Eosinophilic pericarditis caused by minocycline: *letter,* **215**

erythrocyte sedimentation rate, Why do some people look older than they should?, **578**

ethics, "Do we murder Mary to save Jodie?" An ethical analysis of the separation of the Manchester conjoined twins: *review,* **593**
Ethical, professional, and legal obligations in clinical practice: a series of discussion topics for postgraduate medical education. Introduction and topic 1: *informed consent: review,* **238**

Ethical, professional, and legal obligations in clinical practice: a series of discussion topics for postgraduate medical education. Topic 5: *disclosing confidential information : review,* **512**

evolving electrocardiogram, Cor pulmonale: variation on a theme, **665**

eye drops, Prescription of eye drops, **654**

facial nerve palsy, A Mauritian woman with fever, abdominal pain, and facial palsy, **531**

faecal occult blood, Colorectal cancer: does early detection matter?: *editorial,* **289**

failure to thrive, A hungry baby fails to thrive, **410**

falls, Falls and confidence related quality of life outcome measures in an older British cohort, **103**
Withdrawing cardiovascular medications at a syncope clinic, **403**

family history, Importance of family history in type 2 black South African diabetic patients, **323**

family practice, Determinants for the course of acute sinusitis in adult general practice patients, **778**

fat necrosis, Fat necrosis associated with the subcutaneous injection of enoxaparin, **43**

febrile neutropenia, Acute myeloid leukaemia with tell-tale computed tomography scans, **733**

fibroadenoma, Phyllodes tumours: *review,* **428**

flare, Pregnancy in systemic lupus erythematosus, **157**

focal and segmental glomerulosclerosis, Mitochondrial cytopathy presenting with focal segmental glomerulosclerosis, hypoparathyroidism, sensorineural deafness, and progressive neurological disease, **523**

folate, Familiar drugs may prevent cancer: *review,* **492**

foot An unusual dislocation of the foot, **e9**

foreign bodies, Foreign bodies in the nasal cavities: a comprehensive review of the aetiology, diagnostic pointers, and the therapeutic measures: *letter,* **215**
Foreign bodies in the nasal cavities: *letter,* **359**

fracture, Review of the current methods in the diagnosis and treatment of scaphoid fractures: *review,* **235**

gallstone ileus, Small bowel obstruction in an elderly woman, **e3**
gallstone prevalence and prevention, Cholesterol gallstones: from epidemiology to prevention: *review,* **221**
GALS screening test, What is the prevalence of rheumatic disorders in general medical inpatients?, **774**
gas gangrene, Gas gangrene after colonoscopy, **47**
gastrointestinal damage, Non-steroidal anti-inflammatory drugs and gastrointestinal damage—problems and solutions: *review,* **82**
gastro-oesophageal junction adenocarcinoma, Adenocarcinoma of the gastro-oesophageal junction with a synchronous carcinoid of the duodenum, **255**
general internal medicine, What is the prevalence of rheumatic disorders in general medical inpatients?, **774**
general practice, Consultations and referrals for dyspepsia in general practice—a one year database survey, **514**
genetic disorder, Hutchinson-Guilford progeria syndrome: *review,* **312**
genetics, Genetic testing for inherited breast and ovarian cancer syndromes: important concepts for the primary care physician: *review,* **11**
geriatric patients, Acute hospital admissions from nursing homes: some may be avoidable, **40**
giant cell (temporal) arteritis, Giant cell (temporal) arteritis and temporal artery biopsy: *letter,* **358**
giant hiatus hernia, An 80 year old woman with intermittent severe vomiting, **345**
Ginkgo biloba, A case of cerebral haemorrhage—can *Ginkgo biloba* be implicated?, **112**
Gitelman's syndrome, Episodic weakness in a young woman, **787**
Unexplained hypokalaemia and metabolic alkalosis, **e4**
gloves, Intraoperative glove perforation—single *versus* double gloving in protection against skin contamination, **458**
glyceryl trinitrate, Progress in the understanding and treatment of chronic anal fissure: *review,* **753**
good educational practice, Education and training in internal medicine in Europe: *review,* **727**
gout, Colchicine induced rhabdomyolysis: *review,* **191**
Gram stain, Use of the diagnostic bacteriology laboratory: a practical review for the clinician: *review,* **148**
Graves' disease, Obstetric difficulties due to Graves' disease, **661**
groin hernia, Unexplained groin pain: safety and reliability of herniography for the diagnosis of occult hernias, **250**
groin pain, Unexplained groin pain: safety and reliability of herniography for the diagnosis of occult hernias, **250**

haematochezia, Proctocolitis in breast fed infants: a contribution to differential diagnosis of haematochezia in early childhood, **252**
haemodialysis, Electrophysiological course of uraemic neuropathy in haemodialysis patients, **451**
haemoglobin, Why do some people look older than they should?, **578**
haemophilia, Abdominal pain after trauma in a young man, **602**
haemophilus, Clinical implications of the specialised B cell response to polysaccharide encapsulated pathogens, **562**
Haemophilus aphrophilus, It could only happen to a doctor—*Haemophilus aphrophilus* septicaemia complicated by a prevertebral infection after dental work, **261**
haemorrhage, A case of cerebral haemorrhage—can *Ginkgo biloba* be implicated?, **112**
hand washing, The health professional's role in preventing nosocomial infections: *review,* **16**
Hashimoto's encephalopathy, A case of reversible amnesia, **54**
health status measurement, Falls and confidence related quality of life outcome measures in an older British cohort, **103**
heart failure, A survey of the dose of ACE inhibitors prescribed by general physicians for patients with heart failure, **765**
Viral myocarditis and dilated cardiomyopathy: mechanisms, manifestations, and management: *review,* **4**
Helicobacter heilmannii, *Helicobacter heilmannii,* **271**
Helicobacter pylori, Quadruple therapy for symptomatic spontaneous duodenal ulcer disease, **447**
hepatic failure, Generalised oedema, lethargy, personality disturbance, and recurring nightmares in a young girl, **529**
hepatitis, Update on chronic viral hepatitis: *review,* **498**
herbal remedies, A case of cerebral haemorrhage—can *Ginkgo biloba* be implicated?, **112**
hereditary angio-oedema, Recurrent abdominal pain—the forgotten cause, **121**
Hermansky-Pudlak syndrome, A 25 year old woman presenting with bleeding disorder and nystagmus, **e6**
herniogram, Unexplained groin pain: safety and reliability of herniography for the diagnosis of occult hernias, **250**
herniography, Unexplained groin pain: safety and reliability of herniography for the diagnosis of occult hernias, **250**
high flow priapism, Bilateral superselective arterial microcoil embolisation in delayed post-traumatic high flow priapism, **193**
high resolution computed tomography, Imaging of the pulmonary manifestations of systemic disease, **621**
history of medicine, Does history repeat itself in medicine?, **263**
HIV infection, Stridor, malaise, and visual loss in a woman from Sierra Leone, **601**
homoeostasis, Sarcoidosis 2001: *review,* **177**
hormone, Pregnancy in systemic lupus erythematosus, **157**
hormone replacement therapy, The menopause and its treatment in perspective: *review,* **292**
β-human chorionic gonadotrophin hyperthyroidism Hyperthyroidism induced by β-human chorionic gonadotrophin: *letter,* **423**
human subject research, Tuskegee: could it happen again?, **553**
hydatid disease, Laparoscopic excision of splenic hydatid cyst, **195**
hyperaldosteronism, Hyperaldosteronism: recent concepts, diagnosis, and management: *review,* **639**
hyperammonaemia, Non-hepatic hyperammonaemia: an important, potentially reversible cause of encephalopathy, **717**
hypercalcaemia, Parathyroid crisis in a 20 year old—an unusual cause of hypercalcaemic crisis, **468**
hypercalcaemic crisis, Parathyroid crisis in a 20 year old—an unusual cause of hypercalcaemic crisis, **468**
hyperekplexia, Hyperekplexia in neonates, **570**
hypergastrinaemia, Adrenal mass in a diabetic with hypergastrinaemia, **662**
hyperkalaemia, Angiotensin converting enzyme inhibitor induced hyperkalaemic paralysis, **114**
Hypokalaemia and hyperkalaemia: *review,* **759**
hyperkalaemic paralysis, Hyperkalaemic quadriparesis secondary to chronic diclofenac treatment, **50**
hyperparathyroidism, A metabolic complication of pregnancy, **55**
Parathyroid crisis in a 20 year old—an unusual cause of hypercalcaemic crisis, **468**
hyperphosphataemia, A patient with severe hyperphosphataemia, **473**
Siblings with multiple soft tissue calcifications, **534**
hyperplastic polyp, Hyperplastic polyposis coli associated with dysplasia, **532**
hypertension, Neurovascular lessons from a pair of identical twins with cerebral aneurysms, **197**
hypertensive encephalopathy, Posterior leukoencephalopathy syndrome: *letter,* **551**
Posterior leukoencephalopathy syndrome: *review,* **24**
hyperthyroidism, Amiodarone induced hyperthyroidism: *letter,* **358**
Hyperthyroidism induced by β-human chorionic gonadotrophin: *letter,* **423**
hyperthyroidism and elderly, Confusion in an elderly patient: an uncommon diagnosis for such a common event, **533**
hypocalcaemia, A young man with seizures, abusive behaviour, and drowsiness, **54**
Heart failure, a thick tongue, and an abnormal cranial computed tomogram, **535**
hypoglycaemia, An elderly man with pleural effusion and abnormal behaviour, **407**
hypogonadism, Decreased sexual function in a young man, **667**
hypokalaemia, Hypokalaemia and hyperkalaemia: *review,* **759**
Refractory seizure with hypokalaemia, **209**
Unexplained hypokalaemia and metabolic alkalosis, **e4**
hyponatraemia, An unusual pituitary mass presenting with panhypopituitarism and hyponatraemia, **530**
hypoparathyroidism, A young man with seizures, abusive behaviour, and drowsiness, **54**
hypophosphataemia, Hypophosphataemia in anorexia nervosa, **305**
hypothyroidism, A young woman with muscle weakness, **273**
Changing thyroid status related to pregnancy, **591**
hypoxia, Obtunded sensorium in a trauma patient, **123**

identical twins, Neurovascular lessons from a pair of identical twins with cerebral aneurysms, **197**
imaging, Paediatric abdominal trauma, **e2**
immunocompromised patients, The immunocompromised patient and transfusion: *review,* **230**
immunoglobulin, Human immunoglobulin for diabetic amyotrophy—a promising prospect?, **326**
impalpable testis, Management of the impalpable testis: a six year review together with a national experience, **320**
implantable cardioverter-defibrillator, Aborted sudden cardiac death: a clinical perspective: *review,* **363**
infection control, The health professional's role in preventing nosocomial infections: *review,* **16**
infliximab, Infliximab treatment for Crohn's disease, **436**
information, Medical education and practice in the information age, **425**
informed consent, Tuskegee: could it happen again?, **553**
inguinal hernia, Evolution of an inguinal hernia surgery practice, **188**
inherited cancers, Genetic testing for inherited breast and ovarian cancer syndromes: important concepts for the primary care physician: *review,* **11**
insulin therapy, A hungry baby fails to thrive, **410**
interdependence, Changing practice in health care: *editorial,* **145**
internuclear ophthalmoplegia, Unusual cause of an abduction deficit in a 14 year old girl, **790**
intrasellar mass, An unusual pituitary mass presenting with panhypopituitarism and hyponatraemia, **530**

intrathoracic stomach, An 80 year old woman with intermittent severe vomiting, **345**
intrauterine contraceptive device, Abdominal pain in an intrauterine contraceptive device user, **602**
intravascular ultrasound, Multiple coronary aneurysms in a patient with neurofibromatosis type 1: case report and intravascular ultrasound of aneurysm, **45**
intravenous urography, Is spiral computed tomography the imaging modality of choice for renal colic?, **124**
intraventricular rupture, From confusion to coma: a catastrophic deterioration, **52**
intravitreal, Candida endophthalmitis: an unusual complication of prolonged intravenous access, **119**
intussusception, Adult intussusception—an elusive diagnosis, **663**
invasive aspergillosis, Acute myeloid leukaemia with tell-tale computed tomography scans, **733**
iodine deficiency, Iodine deficiency as a cause of brain damage: *editorial*, **217**
irritable bowel syndrome, Consultations and referrals for dyspepsia in general practice—a one year database survey, **514**
ischaemia, Silent myocardial ischaemia in patients with proved coronary artery disease: a comparison of diabetic and non-diabetic patients, **395**
ischaemic colitis, A man with a murmur requiring nutritional support, **535**
ischaemic heart disease, Is wine good for your heart? A critical review: *review*, **172**
islet cell transplantation, Surgical treatment of diabetes mellitus by islet cell and pancreas transplantation: *review*, **383**
isolated adrenocorticotrophic hormone deficiency, An unusual case of diarrhoea and weight loss, **411**

jaundice, Intermittent jaundice and rigors in a patient with longstanding ulcerative colitis, **406**
jejunal angiodysplasia, Selective angiographic catheterisation for jejunal angiodysplasia, **205**
job satisfaction, Psychological stress, anxiety, depression, job satisfaction, and personality characteristics in preregistration house officers, **109**
joint management, Obstetric difficulties due to Graves' disease, **661**
Jordan, Laparoscopic excision of splenic hydatid cyst, **195**
Joseph Bazalgette, Construction of London's Victorian sewers: the vital role of Joseph Bazalgette, **802**
junior doctors, Psychological stress, anxiety, depression, job satisfaction, and personality characteristics in preregistration house officers, **109**
Training of junior doctors: the responsibility of consultants and trainers, **745**

ketoacidosis, Diabetes and rapidly advancing pneumonia, **734**

lactation, Palpable breast mass in a lactating woman, **473**
laparoscopy, Laparoscopic excision of splenic hydatid cyst, **195**
Management of the impalpable testis: a six year review together with a national experience, **320**
law, Ethical, professional, and legal obligations in clinical practice: a series of discussion topics for postgraduate medical education Introduction and topic 1: *informed consent: review*, **238**
Ethical, professional, and legal obligations in clinical practice: a series of discussion topics for postgraduate medical education. Topic 2: *consent and legal competence: review*, **318**
Ethical, professional, and legal obligations in clinical practice: a series of discussion topics for postgraduate medical education. Topic 3: *resuscitation decisions in adult patients: review*, **388**
Ethical, professional, and legal obligations in clinical practice: a series of discussion topics for postgraduate medical education. Topic 4: *confidentiality: review*, **443**
Ethical, professional, and legal obligations in clinical practice: a series of discussion topics for postgraduate medical education. Topic 5: *disclosing confidential information* : *review*, **512**
laxative, A patient with severe hyperphosphataemia, **473**
learning, Learning to teach: *editorial*, **361**
leg ulcers, Management of leg ulcers: *letter*, **358**
leiomyosarcoma, An unusual intra-abdominal tumour, **605**
leukoencephalopathy, Posterior leukoencephalopathy syndrome: *letter*, **551**
Posterior leukoencephalopathy syndrome: *review*, **24**
leukotriene receptor antagonists, Churg-Strauss syndrome associated with montelukast, **390**
lingual tetany, Heart failure, a thick tongue, and an abnormal cranial computed tomogram, **535**
lithogenic risk factors, Cholesterol gallstones: from epidemiology to prevention: *review*, **221**
livedo reticularis, A patient with atherosclerosis and livedo reticularis, **206**
liver cirrhosis, Auto-TIPS, **98**
liver transplantation, Modern management of oesophageal varices: *review*, **75**
local invasion, Evaluation of local invasion by oesophageal carcinoma—a prospective study of prone computed tomography scanning, **181**
long QT syndrome, Recurrent syncope, **344**
low renin hypertension, Hyperaldosteronism: recent concepts, diagnosis, and management: *review*, **639**
lung cancer, Adenocarcinoma of the lung in Chinese patients: a revisit and some perspectives from the literature, **708**
Loss of weight in a female heavy smoker with diffuse interstitial pulmonary fibrosis, **127**
lung carcinoids, Lung carcinoid related Cushing's syndrome: report of three cases and review of the literature, **464**
lymphocytic hypophysitis, An unusual case of diarrhoea and weight loss, **411**

malignant mesothelioma, Nephrotic syndrome and mesenteric infarction secondary to metastatic mesothelioma, **333**
mediastinal lymphadenopathy, Stridor, malaise, and visual loss in a woman from Sierra Leone, **601**
Ethical, professional, and legal obligations in clinical practice: a series of discussion topics for postgraduate medical education
medical education, Learning to teach: *editorial*, **361**
Medical education and practice in the information age, **425**
Sri Lankan health care provision and medical education: a discussion: *review*, **139**
medical history, Does history repeat itself in medicine?: *letter*, **743**
meningism, A 35 year man with acromegaly and neck stiffness, **269**
meningococcus, Clinical implications of the specialised B cell response to polysaccharide encapsulated pathogens, **562**
menopause, The menopause and its treatment in perspective: *review*, **292**
mental retardation, Iodine deficiency as a cause of brain damage: *editorial*, **217**
mercury, Multiple small opacities of metallic density in the lung, **789**
metabolic alkalosis, Unexplained hypokalaemia and metabolic alkalosis, **e4**
metabolic decompensation, Failure to develop diabetic ketoacidosis in a newly presenting type 1 diabetic patient, **734**
metallic microcoils, Bilateral superselective arterial microcoil embolisation in delayed post-traumatic high flow priapism, **193**
microalbuminuria, Prevalence of microalbuminuria in type 2 diabetes mellitus at a diabetes centre in southern India, **399**
miliary tuberculosis, A transient pleural effusion, **273**
minimal change nephropathy, Nephrotic syndrome and mesenteric infarction secondary to metastatic mesothelioma, **333**
minocycline, Eosinophilic pericarditis caused by minocycline: *letter*, **215**
mitochondrial myopathy, Mitochondrial cytopathy presenting with focal segmental glomerulosclerosis, hypoparathyroidism, sensorineural deafness, and progressive neurological disease, **523**
motor neurone disease, A rare cause of respiratory failure, **208**
Mounier-Kuhn syndrome, Chronic pulmonary suppuration, **272**
mucoid degeneration, Giant abdominal aortic aneurysm secondary to intimomedial mucoid degeneration, **782**
mucormycosis, Diabetes and rapidly advancing pneumonia, **734**
multiple endocrine neoplasia type 1, Adrenal mass in a diabetic with hypergastrinaemia, **662**
multiple system atrophy, Multiple system atrophy: *review*, **379**
muscle weakness, A young woman with muscle weakness, **273**
Mycoplasma pneumoniae, *Mycoplasma pneumoniae* induced popliteal artery thrombosis treated with urokinase, **723**
myelodysplastic syndrome, Aortitis as a manifestation of myelodysplastic syndrome, **116**
myocardial infarction, The real cost of aspirin: *letter*, **423**
Two diagnoses from one electrocardiogram, **604**
myocarditis, Viral myocarditis and dilated cardiomyopathy: mechanisms, manifestations, and management: *review*, **4**
myotonic dystrophy, Acute respiratory failure in a middle aged woman, **664**

nasal cavities, Foreign bodies in the nasal cavities: a comprehensive review of the aetiology, diagnostic pointers, and the therapeutic measures: *letter*, **215**
Foreign bodies in the nasal cavities: *letter*, **359**
natural history, Clinical presentation, natural history, and cumulative death rates of 230 adults with primary cryptococcal meningitis in Zambian AIDS patients treated under local conditions, **769**
necrosis, Cutaneous gangrene in a renal dialysis patient, **735**
neonatal diabetes mellitus, A hungry baby fails to thrive, **410**
neonates, Hyperekplexia in neonates, **570**
neoplasm staging, Evaluation of local invasion by oesophageal carcinoma—a prospective study of prone computed tomography scanning, **181**
nephritis, A reversible cause of acute renal failure, **478**
nephrotic syndrome, Nephrotic syndrome and mesenteric infarction secondary to metastatic mesothelioma, **333**
neurofibromatosis, Multiple coronary aneurysms in a patient with neurofibromatosis type 1: case report and intravascular ultrasound of aneurysm, **45**
neurofibromatosis type-1, Pseudoarthrosis in neurofibromatosis type-1, **660**
neuroleptospirosis, Primary neuroleptospirosis, **589**
neurological disease, Management of neurogenic dysphagia, **694**
neuropathy, Human immunoglobulin for diabetic amyotrophy—a promising prospect?, **326**

Mitochondrial cytopathy presenting with focal segmental glomerulosclerosis, hypoparathyroidism, sensorineural deafness, and progressive neurological disease, **523**
neurosarcoidosis, A Mauritian woman with fever, abdominal pain, and facial palsy, **531**
NHS Plan, Future clinical role of nurses in the United Kingdom, **337**
night terrors, Is there a dissociative process in sleepwalking and night terrors?, **244**
non-arteritic anterior ischaemic optic neuropathy, Optic disc oedema in first degree relatives with different macrovascular risk factors (type 1 diabetes and hypertension), **267**
non-compliance, Drug related medical emergencies in the elderly: role of adverse drug reactions and non-compliance, **703**
non-heart-beating donors, Use of non-heart-beating donors in renal transplantation, **681**
non-Hodgkin's lymphoma, A woman with an abnormal mass in the thyroid gland, **410**
non-invasive positive pressure ventilation, A rare cause of respiratory failure, **208**
non-islet cell tumour, An elderly man with pleural effusion and abnormal behaviour, **407**
non-ophthalmic admissions, Prescription of eye drops, **654**
non-steroidal anti-inflammatory drugs, Non-steroidal anti-inflammatory drugs and gastrointestinal damage—problems and solutions: *review,* **82**
nursing, Future clinical role of nurses in the United Kingdom, **337**
nursing homes, Acute hospital admissions from nursing homes: some may be avoidable, **40**

obstructive jaundice, Breathlessness after percutaneous biliary drainage, **787**
obtunded sensorium, Obtunded sensorium in a trauma patient, **123**
occipital lobe seizures, Posterior leukoencephalopathy syndrome: *letter,* **551**
Posterior leukoencephalopathy syndrome: *review,* **24**
ochronosis, An unusual palmoplantar pigmentation, **268**
octreotide, Massive pleural effusion, **536**
Therapeutic value of octreotide for patients with severe dumping syndrome—a review of randomised controlled trials: *review,* **441**
oesophageal neoplasm, Evaluation of local invasion by oesophageal carcinoma—a prospective study of prone computed tomography scanning, **181**
oesophageal varices, Modern management of oesophageal varices: *review,* **75**
olivopontocerebellar atrophy, Multiple system atrophy: *review,* **379**
omentum, An unusual intra-abdominal tumour, **605**
opioids, Alternative opioids to morphine in palliative care: a review of current practice and evidence: *review,* **371**
oral health, Survey of hospital doctors attitudes and knowledge of oral conditions in older patients, **392**
orchidopexy, Management of the impalpable testis: a six year review together with a national experience, **320**
organisation of health care, Access to perinatal cardiology in the United Kingdom: *editorial,* **1**
orthotopic liver transplant, Generalised oedema, lethargy, personality disturbance, and recurring nightmares in a young girl, **529**
osteomalacia, Oligoarthritis in an elderly woman with diarrhoea and weight loss, **475**
osteomyelitis, Fever with pain in bilateral shoulder joints, **e5**
osteopenia, Low back pain in a child—a diagnostic dilemma, **342**
osteoporosis, Oligoarthritis in an elderly woman with diarrhoea and weight loss, **475**
Subclinical thyrotoxicosis: *review,* **29**
The clinical impact of metabolic bone disease in coeliac disease, **33**
outpatient clinics, The effect of reminder calls in reducing non-attendance rates at care of the elderly clinics, **37**
ovarian cancer, Genetic testing for inherited breast and ovarian cancer syndromes: important concepts for the primary care physician: *review,* **11**
Sequential occurrence within three years in a premenopausal woman of cervical, ovarian, and endometrial cancers, **344**
ovarian carcinoma, Acute appendicitis: an unusual cause, **123**

p53 tumour suppressor gene, Mutagen sensitivity and p53 expression in colorectal cancer in China, **713**
palliative care, Alternative opioids to morphine in palliative care: a review of current practice and evidence: *review,* **371**
palmoplantar keratoderma, Dysphagia in a patient with palmoplantar keratoderma, **667**
palmoplantar pigmentation, An unusual palmoplantar pigmentation, **268**
palpable purpura, Pulmonary nodules and splinter haemorrhages, **785**
pancreas, A case of venous thrombosis, **599**
pancreas transplantation, Surgical treatment of diabetes mellitus by islet cell and pancreas transplantation: *review,* **383**
pancreatic cancer, Breathlessness after percutaneous biliary drainage, **787**
pancreaticopleural fistula, Massive pleural effusion, **536**
pancreatitis, Massive pleural effusion, **536**
panhypopituitarism, An unusual pituitary mass presenting with panhypopituitarism and hyponatraemia, **530**
panic disorder, Parkinson's disease and anxiety: *review,* **89**
paralysis, Angiotensin converting enzyme inhibitor induced hyperkalaemic paralysis, **114**
paraneoplastic, An unusual cause of tremor in an elderly man, **268**
paraoesophageal hernia, An 80 year old woman with intermittent severe vomiting, **345**
paraplegia, An unusual cause of paraplegia, **472**
paraquat, Acute diquat poisoning with intracerebral bleeding, **329**
parathyroid crisis, Parathyroid crisis in a 20 year old—an unusual cause of hypercalcaemic crisis, **468**
parenteral nutrition, A man with a murmur requiring nutritional support, **535**
Parkinson's disease, Parkinson's disease and anxiety: *review,* **89**
pasteurellosis, Pericardial tamponade caused by *Pasteurella multocida* infection after a cat bite, **199**
pathological fracture, Fever with pain in bilateral shoulder joints, **e5**
pelvic abscess, Abdominal pain in an intrauterine contraceptive device user, **602**
percutaneous transhepatic cholangiography, Breathlessness after percutaneous biliary drainage, **787**
pericardial tamponade, Pericardial tamponade caused by *Pasteurella multocida* infection after a cat bite, **199**
perinatal cardiology, Access to perinatal cardiology in the United Kingdom: *editorial,* **1**
peritoneal encapsulation, Peritoneal encapsulation: a preoperative diagnosis is possible, **725**
personality, Psychological stress, anxiety, depression, job satisfaction, and personality characteristics in preregistration house officers, **109**
phaeochromocytoma, A complicated case of von Hippel-Lindau disease, **471**
A new variant of Carney's triad: phaeochromocytoma and chondrosarcoma, **527**
A young woman with intractable diarrhoea, **124**
philosophy of internal medicine, Education and training in internal medicine in Europe: *review,* **727**
phosphate, Hypophosphataemia in anorexia nervosa, **305**
phyllodes tumour, Phyllodes tumours: *review,* **428**
pituitary adenoma, Apoplexy in a recurrent pituitary adenoma, **23**
pituitary apoplexy, A 35 year man with acromegaly and neck stiffness, **269**
pituitary macroadenoma, Visual disturbances and weight gain, **732**
pituitary tumour, An unusual cause of acute bacterial meningitis, **791**
pleuropericardial effusion, Pleuropericardial effusion in a 50 year old woman, **346**
pneumococcus, Clinical implications of the specialised B cell response to polysaccharide encapsulated pathogens, **562**
pneumomediastinum, A rare presentation of a common disease, **662**
pneumoperitoneum, A rare presentation of a common disease, **662**
pneumothorax, Management of spontaneous pneumothorax: *letter,* **215**
poisoning, Acute diquat poisoning with intracerebral bleeding, **329**
portal hypertension, Modern management of oesophageal varices: *review,* **75**
Rectal bleeding in a patient with portal hypertension, **665**
portosystemic venous shunt, Non-hepatic hyperammonaemia: an important, potentially reversible cause of encephalopathy, **717**
postgraduate medical education, Education and training in internal medicine in Europe: *review,* **727**
postoperative complications, Evolution of an inguinal hernia surgery practice, **188**
postreproductive gynaecology, The menopause and its treatment in perspective: *review,* **292**
post-traumatic stress disorder, Is there a dissociative process in sleepwalking and night terrors?, **244**
potassium, Hypokalaemia and hyperkalaemia: *review,* **759**
pregnancy, A metabolic complication of pregnancy, **55**
Changing thyroid status related to pregnancy, **591**
Pregnancy in systemic lupus erythematosus, **157**
Iodine deficiency as a cause of brain damage: *editorial,* **217**
pregnancy outcome, Obstetric difficulties due to Graves' disease, **661**
premature atherosclerosis, Hutchinson-Guilford progeria syndrome: *review,* **312**
prevalence, Silent myocardial ischaemia in patients with proved coronary artery disease: a comparison of diabetic and non-diabetic patients, **395**
prevertebral infection, It could only happen to a doctor—*Haemophilus aphrophilus* septicaemia complicated by a prevertebral infection after dental work, **261**
primary sclerosing cholangitis, Intermittent jaundice and rigors in a patient with longstanding ulcerative colitis, **406**
professional accountability, Professional accountability in a changing world: *editorial,* **65**
progeria syndrome, Hutchinson-Guilford progeria syndrome: *review,* **312**
proptosis, Atopy, proptosis, and nasal polyposis, **343**
prosthetic valve, A farmer with artificial valve endocarditis, **126**

pseudoarthrosis, Pseudoarthrosis in neurofibromatosis type-1, **660**
psoas abscess, Abdominal pain after trauma in a young man, **602**
ptosis, Acute respiratory failure in a middle aged woman, **664**
pulmonary, Multiple small opacities of metallic density in the lung, **789**
pulmonary cavitations and nodules, Acute myeloid leukaemia with tell-tale computed tomography scans, **733**
pulmonary manifestations, Imaging of the pulmonary manifestations of systemic disease, **621**
pulmonary nodules, Pulmonary nodules and splinter haemorrhages, **785**
pulmonary oedema, Recurrent pulmonary oedema in a 53 year old woman, **408**
pulmonary tuberculosis, Loss of weight in a female heavy smoker with diffuse interstitial pulmonary fibrosis, **127**
pulmonary tumour embolism, Cor pulmonale: variation on a theme, **665**
pyoderma gangrenosum, From cutaneous ulceration to chronic diarrhoea, **788**

quality of life, Falls and confidence related quality of life outcome measures in an older British cohort, **103**

Raynaud's phenomenon, Late onset Raynaud's phenomenon, hypertension, deteriorating renal function, and a fit in a middle aged woman, **e10**

rectal varices, Rectal bleeding in a patient with portal hypertension, **665**
recurrent abdominal pain, Recurrent abdominal pain—the forgotten cause, **121**
recurrent syncope, Recurrent syncope, **344**
referral, Consultations and referrals for dyspepsia in general practice—a one year database survey, **514**
relapsing polychondritis, Joint pains, hoarseness, and deafness, **270**
renal artery stenosis, Recurrent pulmonary oedema in a 53 year old woman, **408**
renal colic, Is spiral computed tomography the imaging modality of choice for renal colic?, **124**
renal failure, A patient with severe hyperphosphataemia, **473**
A reversible cause of acute renal failure, **478**
Cutaneous gangrene in a renal dialysis patient, **735**
Renal failure in atherosclerotic renovascular disease: pathogenesis, diagnosis, and intervention: *review,* **68**
renal transplantation, Mitochondrial cytopathy presenting with focal segmental glomerulosclerosis, hypoparathyroidism, sensorineural deafness, and progressive neurological disease, **523**
Use of non-heart-beating donors in renal transplantation, **681**
respiratory failure, A rare cause of respiratory failure, **208**
resuscitation, Aborted sudden cardiac death: a clinical perspective: *review,* **363**
retinal astrocytic hamartoma, Retinal astrocytic hamartoma, **556**
retinoids, Familiar drugs may prevent cancer: *review,* **492**
retroperitoneal fibrosis, Hydronephrosis and a hard neck swelling, **409**
retroperitoneal perforation, A rare presentation of a common disease, **662**
rhabdomyolysis, Colchicine induced rhabdomyolysis: *review,* **191**
rheumatic disease, What is the prevalence of rheumatic disorders in general medical inpatients?, **774**
rheumatoid vasculitis, A state of confusion, **666**
Riedel's thyroiditis, Hydronephrosis and a hard neck swelling, **409**
rigors, Intermittent jaundice and rigors in a patient with longstanding ulcerative colitis, **406**

scaphoid, Review of the current methods in the diagnosis and treatment of scaphoid fractures: *review,* **235**
screening, Colorectal cancer: does early detection matter?: *editorial,* **289**
Seamen's Hospital Society, Outbreak of trichinosis (trichiniasis)—contracted in London in 1879, **62**
secondary adrenal failure, An unusual case of diarrhoea and weight loss, **411**
secondary hyperparathyroidism, Calciphylaxis: *review,* **557**
seizures, Refractory seizure with hypokalaemia, **209**
senior house officers, Formal education programmes for senior house officers: comparison of experience in three hospital specialties, **650**
septicaemia, A case of unusual septicaemia, **409**
sequential occurrence, Sequential occurrence within three years in a premenopausal woman of cervical, ovarian, and endometrial cancers, **344**
short bowel, A man with a murmur requiring nutritional support, **535**
short tetracosactrin (Synacthen) test, An unusual case of diarrhoea and weight loss, **411**
shoulder pain, Management of shoulder pain in patients with stroke: *review,* **645**
Shy-Drager syndrome, Multiple system atrophy: *review,* **379**
skin contamination, Intraoperative glove perforation—single *versus* double gloving in protection against skin contamination, **458**
sleepwalking, Is there a dissociative process in sleepwalking and night terrors?, **244**
small bowel, Adult small bowel Dieulafoy lesion, **783**
small bowel obstruction, Small bowel obstruction in an elderly woman, **e3**
smoking, Smoking and diabetes in Chinese men, **240**
Smoking and diabetes in Chinese men: *letter,* **551**
Trends in the smoking habits of young adults with diabetes, **461**
social change, Changing practice in health care: *editorial,* **145**
soft tissue calcification, Siblings with multiple soft tissue calcifications, **534**
south India, Prevalence of microalbuminuria in type 2 diabetes mellitus at a diabetes centre in southern India, **399**
sphincterotomy, Progress in the understanding and treatment of chronic anal fissure: *review,* **753**
spiral computed tomography, Is spiral computed tomography the imaging modality of choice for renal colic?, **124**
spironolactone, Hyperaldosteronism: recent concepts, diagnosis, and management: *review,* **639**
spleen, Laparoscopic excision of splenic hydatid cyst, **195**
Systemic sarcoidosis with spleen involvement, **265**
splinter haemorrhages, Pulmonary nodules and splinter haemorrhages, **785**
Sri Lanka, Sri Lankan health care provision and medical education: a discussion: *review,* **139**
ST segment elevation, Transient ST segment changes mimicking early repolarisation phenomenon in a patient with angina at rest, **603**
Staphylococcus lugdunensis, *Staphylococcus lugdunensis* endocarditis, **259**
startle, Hyperekplexia in neonates, **570**
statins, New insights into atherosclerotic plaque rupture: *review,* **94**
statistical significance, Balancing statistical and clinical significance in evaluating treatment effects, **201**
sternocostoclavicular hyperostosis, Painful chest wall swelling, **e7**
stethoscope, Some high pitched thoughts on chest examination, **617**
Still's disease, Fever, rash, swollen joints, and sore throat in a young man, **207**
storage pool disease, A 25 year old woman presenting with bleeding disorder and nystagmus, **e6**
stress and anxiety, Psychological stress, anxiety, depression, job satisfaction, and personality characteristics in preregistration house officers, **109**
stress echocardiography, Prognostic value of stress echocardiography in women with high (≥80%) probability of coronary artery disease, **573**
striatonigral degeneration, Multiple system atrophy: *review,* **379**
stroke, A study of bone densitometry in patients with complex regional pain syndrome after stroke, **519**
Management of neurogenic dysphagia, **694**
Management of shoulder pain in patients with stroke: *review,* **645**
Pathophysiological and clinical aspects of breathing after stroke, **700**
subarachnoid haemorrhage, Neurovascular lessons from a pair of identical twins with cerebral aneurysms, **197**
subtalar dislocation An unusual dislocation of the foot, **e9**
sudden cardiac death, Aborted sudden cardiac death: a clinical perspective: *review,* **363**
superselective embolisation, Bilateral superselective arterial microcoil embolisation in delayed post-traumatic high flow priapism, **193**
surgery, Intraoperative glove perforation—single *versus* double gloving in protection against skin contamination, **458**
surgical procedures: endoscopic, Pharyngeal pouch (Zenker's diverticulum): *review,* **506**
surgical stapling, Pharyngeal pouch (Zenker's diverticulum): *review,* **506**
survival, Specialist follow up of patients before end stage renal failure and its relationship to survival on dialysis, **586**
synchronous tumours, Adenocarcinoma of the gastro-oesophageal junction with a synchronous carcinoid of the duodenum, **255**
syncope, Current investigations used to assess syncope: *review,* **20**
Important points in the clinical evaluation of patients with syncope: *review,* **99**
Withdrawing cardiovascular medications at a syncope clinic, **403**
systemic disease, Imaging of the pulmonary manifestations of systemic disease, **621**
systemic lupus erythematosus, Diagnostic issues in systemic lupus erythematosus, **266**
Pregnancy in systemic lupus erythematosus, **157**
systemic sarcoidosis, Systemic sarcoidosis with spleen involvement, **265**

tachycardia, A young man with tachycardia, **125**
tamoxifen, Familiar drugs may prevent cancer: *review,* **492**
teaching, Learning to teach: *editorial,* **361**
temporal artery biopsy, Giant cell (temporal) arteritis and temporal artery biopsy: *letter,* **358**
theophylline overdose, Refractory seizure with hypokalaemia, **209**
therapeutic endoscopy, A difficult case of gastrointestinal haemorrhage, **408**
thiamine, Thiamine deficiency in patients with B-chronic lymphocytic leukaemia: a pilot study, **582**
thrombolysis, Thrombolysis in acute ischaemic stroke: *review,* **166**

thrombosis, A case of venous thrombosis, **599**
thyroid disease, A young woman with muscle weakness, **273**
thyroid disorders, Thyroid disorders—an update: *letter,* **144**
thyroid lymphoma, A woman with an abnormal mass in the thyroid gland, **410**
thyroid stimulating hormone secreting adenoma, Confusion in an elderly patient: an uncommon diagnosis for such a common event, **533**
thyrotoxicosis, Subclinical thyrotoxicosis: *review,* **29**
tongue, Autoamputation of the tongue, **335**
tracheal agenesis A case of failed intubation, **e8**
Autoamputation of the tongue: *letter,* **743**
tracheobronchomegaly, Chronic pulmonary suppuration, **272**
tracheomalacia, Chronic pulmonary suppuration, **272**
training, Training of junior doctors: the responsibility of consultants and trainers, **745**
transcutaneous electrical nerve stimulation, Is transcutaneous electrical nerve stimulation an effective analgesia during colonoscopy?, **445**
transjugular intrahepatic portosystemic shunt (TIPS), Auto-TIPS, **98**
Modern management of oesophageal varices: *review,* **75**
transjugular intrahepatic portosystemic shunt (TIPSS), A difficult case of gastrointestinal haemorrhage, **408**
trauma, Bilateral superselective arterial microcoil embolisation in delayed post-traumatic high flow priapism, **193**
treatment effects, Balancing statistical and clinical significance in evaluating treatment effects, **201**
tremor, An unusual cause of tremor in an elderly man, **268**
***Trichinella spiralis* infection,** Outbreak of trichinosis (trichiniasis)—contracted in London in 1879, **62**
trichiniasis, Outbreak of trichinosis (trichiniasis)—contracted in London in 1879, **62**
trichinosis, Outbreak of trichinosis (trichiniasis)—contracted in London in 1879, **62**
tuberculoma, Stridor, malaise, and visual loss in a woman from Sierra Leone, **601**
tuberculosis, An elderly woman with chronic knee pain and abnormal chest radiography, **600**
Cervical tuberculous lymphadenopathy: changing clinical pattern and concepts in management, **185**
tuberculous pleural effusion, A transient pleural effusion, **273**
tubulovillous adenoma, Adult intussusception—an elusive diagnosis, **663**
tumoral calcinosis, Siblings with multiple soft tissue calcifications, **534**
Tuskegee Syphilis Study, Tuskegee: could it happen again?, **553**
tylosis, Dysphagia in a patient with palmoplantar keratoderma, **667**
type 1 diabetes, Trends in the smoking habits of young adults with diabetes, **461**
type 2 diabetes, Prevalence of microalbuminuria in type 2 diabetes mellitus at a diabetes centre in southern India, **399**

ulcerative colitis, Intermittent jaundice and rigors in a patient with longstanding ulcerative colitis, **406**
uraemic neuropathy, Electrophysiological course of uraemic neuropathy in haemodialysis patients, **451**
urea cycle defect, Non-hepatic hyperammonaemia: an important, potentially reversible cause of encephalopathy, **717**
urinary tract infection, A rare coincidence and recurrent urinary tract infections, **122**
urokinase, *Mycoplasma pneumoniae* induced popliteal artery thrombosis treated with urokinase, **723**

variceal bleeding, A difficult case of gastrointestinal haemorrhage, **408**
vascular compression, Dysphagia and thoracoabdominal aneurysm, **257**
